DETAILED ACTION

1. Acknowledgement is made of the amendment received on 1/17/08.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephen S. Ford on 1/29/08.

The application has been amended as follows:

- (1). In claim 16, lines 2-3, insert - - a first - - between "encoded data stream using" and "spread spectrum Pseudo Noise (PN) codes";
- (2). In claim 16, line 3, change "Pseudo Noise (PN) codes" to - - Pseudo Noise (PN) code - -;
- (3). In claim 16, line 7, change "a first PN code" to - - the first PN code - -.

Allowable Subject Matter

3. Claims 1, 4-6, 9-12 and 16-20 are allowed.
4. The following is an examiner's statement of reasons for allowance: The prior art of record, Raphaeli (US 20040202229) and Van Driest (US 6115411) discloses a spread spectrum encoder. However, both Raphaeli and Van Driest do not disclose a

slip encoder configured to encode other data values into the encoded data stream by varying time spacing between the spread spectrum codes, wherein the other data values correspond to an amount of clock periods inserted by the slip encoder between the generation of adjacent spread spectrum codes so that generation of every first entire spread spectrum code is completed and then a time gap with no spread spectrum code is inserted before starting generation of every second adjacent spread spectrum code, where the time gap between ending every first spread spectrum code and beginning every second adjacent spread spectrum code is proportional to one of the other data values and a time delay position in completing transmission of every entire second adjacent Spread spectrum code corresponds to the time gap.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
